# KNAPSACK SPRAYER 12L **PRO**

- 1** Robust and durable discharge valve: with a brass body and stainless steel trigger and safety lock.
- 2** Dosing cup (100 ml) attached to filler cap, to facilitate dosing of chemicals by the operator.
- 3** Pump highly resistant to chemicals.
- 4** "L" lever arm, for ease of assembly and maintenance.
- 5** 12 Litre Tank with ergonomic design: ideal comfort perfect for everyday use.
- 6** Padded harness straps with 3 position options depending on the height of the operator: A further distinguishing factor for general user comfort.
- 7** Innovative pressurizing system with sealing rings: easier operation, lower maintenance and wear.
- 8** Connecting rod with pressure relief valve for reducing wastage - in compliance with FAO specifications.
- 9** Strap coupling with quick release system, ensuring greater safety and convenience.

Guarany reserves the right to change specifications without prior notice, and without incurring any obligation to install them on units previously sold.  
Code: 10962.02.00 - Versiort: 01 - April/2015
