

**PSP**  
THE PRO SPRAYERS PEOPLE

## The Flexible Backpack Fire Extinguisher

- 20 litre capacity
- Sturdy fire retardant design
- Powerful pump action spray can reach over 12 metres
- Adjustable nozzle for mist or jet spraying
- Quick filling system
- Folds for easy storage

Optional accessories include Foaming Nozzle and Chimney Fire Nozzle.

### Chimney Fire Adaptor Nozzle (available separately)

- Enables the backpack to be used for chimney fires
- Simply screws onto normal nozzle end of pump action sprayer
- Provides a viable alternative to stirrup pumps and traditional hose reel adaptors
- Reduces mess and the potential for water damage
- Allows for easier access to rural dwellings where weather conditions may impede hose reel access
