

ACCESSORIES CATALOGUE

Guarany offers a complete line of accessories to optimize many spraying applications, assuring the best cost-benefit.

tradition and technology

BOOMS

HORIZONTAL REAR BOOM
(6 NOZZLES)
U9888.00.00

Application in various crops.

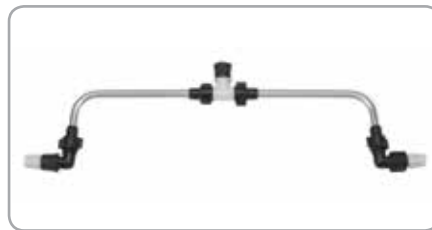

VERTICAL REAR BOOM
(4 NOZZLES) (6 NOZZLES)
U9898.00.00 U4288.00.00

Uniform application in all crops.

UNIVERSAL BOOM 200 mm
(2 NOZZLES)
K9798.00.00

Simultaneous applicator in two rows with better coverage and penetration. Recommended for insecticides and fungicides. Higher productivity.

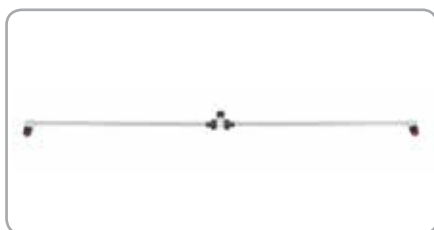

UNIVERSAL BOOM 400 mm
(2 NOZZLES)
K9895.00.00

Simultaneous applicator in two rows with better coverage and penetration. Recommended for insecticides and fungicides. Higher productivity.

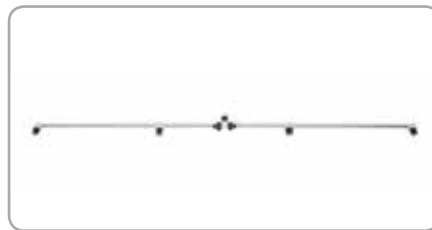

UNIVERSAL BOOM 500 mm
(2 NOZZLES)
K9960.00.00

Simultaneous applicator in two rows with better coverage and penetration, covering a range of 1m. Recommended for herbicides. Higher productivity.

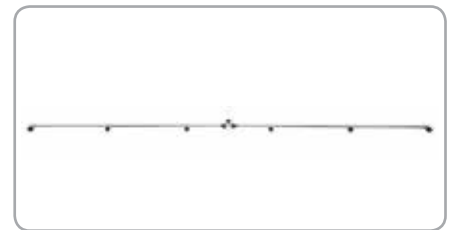

HORIZONTAL BOOM
02 TIPS 1200 mm
U8006.00.00

Simultaneous uniform application in two rows, increasing the operation efficiency.

BOOM KIT 1,5 m BOOM
(LENGTH) - 4 NOZZLES
K4631.00.00

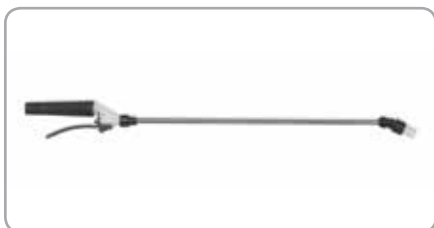

For continuous applications in areas of 2 m spray width.

BOOM KIT 2,5 m BOOM
(LENGTH) - 6 NOZZLES
K4634.00.00

For continuous applications in areas of 3 m spray width.

DISCHARGE SETS

DISCHARGE SET WITH S3 VALVE

U4386.00.00

Set with S3 valve and 50 cm chrome-plated copper lance and a hollow cone adjustable tip, to be used with Guarany Symmetrical Knapsack Sprayers.

UNIVERSAL S3 DISCHARGE SET (WITH HOSE CONNECTION)

U9537.00.00

Set for general use with 50 cm aluminum lance and hose connection. S3 valve to aim the spray jet.

DISCHARGE SET WITH S5 VALVE

U4653.00.00

Accessory to use with the Guarany 10 L Knapsack Sprayer. Set with 40 cm alodinezed-aluminum lance, with S5 valve and adjustable tip.

DISCHARGE SET WITH S5 VALVE

U4681.00.00

Designed to be used with Guarany Symmetrical Knapsack Sprayer – SE model. Set with S5 valve, 50 cm alodinezed - aluminum lance, and adjustable hollow cone tip.

DISCHARGE SET

U4997.00.00

Designed to be used with Guarany 7.6 L Compression Sprayer – Super 2S (Environmental Health line). Set with valve and 40 cm brass tube.

DISCHARGE SET

U4684.00.00

Accessory to use with the Guarany 11.4 L Compression Sprayer – Super 2S (Environmental Health line). Set with valve and 50 cm brass tube.

DISCHARGE SET

U4995.00.00

Accessory to use with the Guarany 15.2 L Compression Sprayer – Super 2S (Environmental Health line). Set with valve and 60 cm brass tube.

TELESCOPIC DISCHARGE LANCE WITH VALVE (1 NOZZLE)

U4768.00.00

Outstanding reach from 1.0 to 1.8 m to the operator, with a 2.5 mm tip.

TELESCOPIC DISCHARGE LANCE WITH VALVE (1 NOZZLE)

U9767.00.00

Outstanding reach from 1.0 to 1.8 m to the operator, with a 0.6 mm tip.

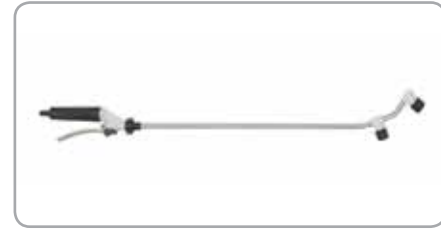

**ROTARY NOZZLE
DISCHARGE SET**
U4750.00.00

Applications in areas of difficult access and penetration.

**120° CURVED DISCHARGE
SET**
U4751.00.00

Applications in areas of difficult access and penetration.

2 NOZZLE DISCHARGE SET
U4222.00.00

Applications for greater drop penetration at a distance of 0.6 m from the operator.

BRAGLIA TURBO GUN 400
U4692.00.00

40 cm long gun for directed jet or cone application, with ceramic nozzle, to use with pressures up to 700 PSI and 40 cm length.

DISCHARGE TUBES

**DISCHARGE TUBE
WITH TIP**
U4490.00.00

50 cm chrome-plated copper tube, curved tip.

**DISCHARGE TUBE
WITH TIP**
U4353.00.00

50 cm aluminium tube, curved tip.

**DISCHARGE TUBE
WITH TIP**
U4646.00.00

Designed to be used with 10 L Guarany Knapsack Sprayer. 40 cm aluminum tube with curved tip.

DISCHARGE TUBE (0,9 m)
K4281.00.00

90 cm aluminum tube with a curved tip.

DISCHARGE TUBE (1,2 m)
K4280.00.00

1,20 m aluminium tube.

**DOUBLE-OUTLET
DISCHARGE TUBE**
U4223.00.00

60 cm aluminum tube and curved tip. (Nozzles not included)

**DISCHARGE EXTENSION
(0,5 m)**
K9582.00.00

50 cm aluminum tube.

DISCHARGE EXTENSION
U4749.00.00

Designed to be used with Guarany
Compression Sprayers – Super 2S
(Environmental Health line). 50 cm
aluminum tube.

**ENVIRONMENTAL HEALTH
TELESCOPIC TUBE**
U4748.00.00

Application in different distances from
0.6 to 1.2 m of the operator.

DISCHARGE VALVES

**SUPER 3 DISCHARGE VALVE
(WITH HOSE CONNECTION)**
U9306.00.00

Valve with fi lter in the handle and seal seat.

SUPER 5 DISCHARGE VALVE
U4604.00.00

Valve with fi lter in the handle and safety
locking device.

FLOWRATE REGULATORS

REGULATING VALVE - PRESSURE AND FLOWRATE

Yellow
U7464.00.00

PRESSURE
1 BAR (14,5 PSI)

Red
U7465.00.00

1,5 BAR (21 PSI)

Blue
U7466.00.00

2 BAR (29 PSI)

Green
U7467.00.00

3 BAR (43,5 PSI)

Recommended for Guarany Knapsack and Compression Sprayers. Allows the adjustment and maintenance of the maximum working pressure, making the operation easier and reducing drifting product and waste.

**FLOWRATE REGULATOR
WITH PRESSURE GAUGE**

U9634.00.00

Allows the adjustment easy visualization and maintenance of the maximum working pressure, making the operation easier while reducing drift and waste.

**FLOWRATE REGULATOR STANDARD
(PRESSURE GAUGE NOT INCLUDED)**

U9639.00.00

Allows the adjustment easy visualization and maintenance of the maximum working pressure, making the operation easier while reducing drift and waste.

DOSIFIERS

LIQUID METERING DEVICE

U4434.00.00

Recommended to use with 16 and Guarany 20 L Symmetrical Knapsack Sprayers. Allows the application of dosified products between 2 and 50 ml per lever stroke.

**DOSIMETER VALVE
With applicator pipe**

U8018.00.00

Universal attachment to dosify chemical solutions from 2 to 25 ml.

**DOSIMETER VALVE
Without applicator pipe**

U8096.00.00

Universal attachment to dosify chemical solutions from 2 to 25 ml.

OTHERS

ANTI OSCILLATION BELT

K9774.00.00

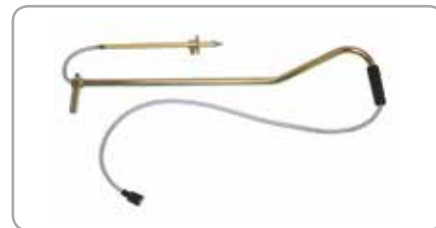

Belt to improve the fastening of backpack equipments.

**PRESSURE GAUGE
WITH CONNECTION**

U9650.00.00

Allows measuring the working pressure in manual sprayers.

SOIL INJECTOR

U4575.00.00

Application mainly in to the soil at various depths, or in places where penetration is needed. Metering device included (U4434).

**ANTI-BUDDING WITH
VALVE APPLICATOR**

K9799.00.00

Product for spot applications with continuous jet and dosified products.

BACK SUPPORT

U9589.00.00

Accessory recommended to use with Guarany Compression Sprayers. It allows to don the equipment on the back of the operator instead of lateral transportation.

HOSE EXTENSION (30M)

U4329.00.00

30 meter hose with connectors.

**HIGH PRESSURE
HOSE REELS**

U8079.00.00

Hose reel, holds up to 700 pounds.

**HIGH PRESSURE
HOSE REELS**

U8129.00.00

Reel with 30 meter, 1/2 inch hose.

WEED CONTROL SHIELD

U7860.00.00

Accessory to use with Guarany Knapsack Sprayers to avoid spray drift.

EXCLUSIVE ACCESSORIES

BLOWER NOZZLE

U7582.00.00

Suitable accessory for 11L and 18L Guarany Knapsack Power Mist-Dusters, to make it easier and direct the air flow when used as sweepers.

APPLICATOR / GRANULES DOSIFIER

U8076.00.00

To use with Guarany Knapsack Power Mist-Dusters. An exclusive accessory that allows the accurate application of insecticides and granules fertilizers, powders and seeds, with maximum efficiency.
