Application in gardens

Application in vegetable gardens

Knapsack Sprayer - 10 litres

- 1 Translucent and ergonomical tank of 10 litres, UV resistant, with measurements in litres and gallons, more resistant to impact and corrosion, more comfortable and durable.
- 2 Handle incorporated to the tank for a better balance during transportation.
- 3 **New Lid:** for tighter sealing.
- 4 Piston pump totally made of plastic, with double bush that offers more pressure and less effort to the operator.
- 5 Double system of internal agitation: mechanical by an agitator and hydraulic by liquid recirculation (by-pass).
- 6 Discharge set with new Super 5 valve, with an exclusive locking device (open/closed) to avoid incidental spraying. Curved lance and universal nozzle with adjustable tip.
- 7 Chassis with brackets resistant to impact and one piece pumping shaft.
- 8 Relief valve incorporated in the cylinder, avoids excessive pressure providing more durability to the equipment.
- 9 Padded carrying straps, water proof with self-regulating buckles.
- 10 **New Filter:** large filter to make the filtration process quicker and progressive filtration in four stages, with filter in the tank, in the pump, in the valve handle and in the nozzle. Does not block.

Locking device

- Compact machine, ergonomical, easy to use and to maintain.
- A wide range of optional accessories for all types of applications optimize cost-benefit.
- Ideal for the application of chemicals and organic products in small vegetable gardens, orchards and pest control.

- Discharge valve with a locking device that avoids incidental spraying.
- A more resistant pump and a pressure relief valve that provides more durability to the sprayer.

A service kit with most replaceable spare parts and nozzle for herbicide application.

technical specifications

	Code 428.00/428.01
Tank capacity	10L (2,7 gal.)
Net weight	3,2Kg (7,0 pound)
Pump polyethylene / polypropylene	Piston Type
Working pressure (maximum)	300kPa - (45 psi)
Flow rate of the adjustable tip	600ml/min (0,15 gal/min)
Packaging	407 x 172 x 485mm (16" x 6,8" x 19")

Guarany's Mission - to offer the best quality products, with innovative features that can be of public use, use well as the best services, always respecting the environment, people and markets, besides guaranteeing the satisfaction of our customers and employees.
